

# TURN YOUR IDLE SCREENS INTO POWERFUL DIGITAL SIGNAGE WITH XOGO

## BREATHE NEW LIFE INTO YOUR SCREENS

XOGO provides an easy and affordable digital signage solution that runs on Microsoft Teams Rooms.

## HOW XOGO TRANSFORMS YOUR WORKSPACES INTO POWERFUL COMMUNICATION HUBS

-  **Turn Idle Screens into High-Impact Marketing Displays**  
XOGO lets you showcase branded content, promotions, event announcements, and social media feeds on any screen. Whether targeting customers in a lobby or employees in a breakroom, your messaging stays fresh and engaging.
-  **Enhance Internal Communication & Employee Engagement**  
Ensure your team stays informed with real-time corporate messaging, KPI dashboards, HR updates, and announcements. Perfect for office spaces, manufacturing floors, and hybrid work environments, ensuring key messages reach the right people.
-  **Reliable, Cloud-Managed Content Control**  
Manage and update content remotely from anywhere with XOGO Manager, ensuring consistent messaging across multiple locations. Even if a player loses internet connectivity, your content keeps playing without interruption.
-  **Easy Setup with Ongoing Support**  
XOGO is designed for quick deployment and offers free tech support to help organizations get started quickly. Whether you need assistance integrating XOGO into your Microsoft environment or customizing your content, support is readily available.
