

Unlock the Power of Centralized Email Signature Management

Consistent Branding & Marketing

You spend time and money designing logos, signage, and business cards. But when it comes to email, branding is often nowhere to be found, or left to the whims of each employee. Crossware Email Signature ensures that every email contains consistent professional branding.

Legal Compliance

Are you confident that every email being sent from your organization is compliant with the law? With Crossware Email Signature, company-wide email disclaimers can be created so you can rest assured that each email sent contains your compliance disclaimer.

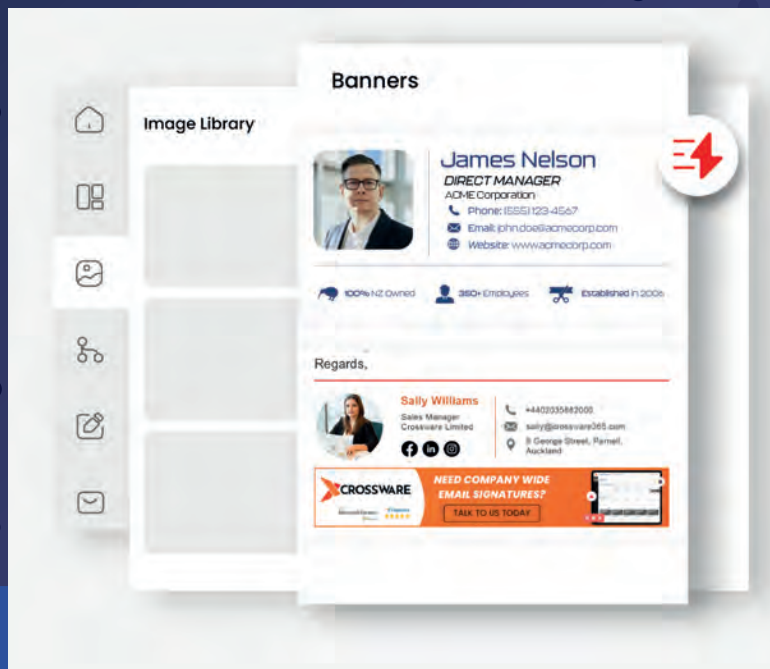

Centralized Management

You can stop chasing around your colleagues about manually changing their outdated signature! Centrally control company signatures with ease with Crossware's powerful signature solution.

Automation

With the ability to create and set complex rules, every part of your company signature can be controlled. Use rules to specify when, where, and how you want to display everything from ad banners to phone numbers.
