# MAKE MICROSOFT 365 WORK FOR YOU

Managing Microsoft 365 can be complicated, and missteps can leave money on the table. Our assessment helps you uncover hidden risks, improve performance, and ensure your environment delivers real value to your organization.

## COMMON CHALLENGES WITH MICROSOFT 365

If your Microsoft 365 environment isn't properly configured or managed, it could lead to:

Security gaps leaving your data vulnerable.

Paying for tools and features your team isn't fully using.

Disjointed use of collaboration tools like Microsoft Teams.

Compliance settings fall short of industry requirements.

No clear view of where to improve or prioritize.

## WHAT YOU GET FROM OUR ASSESSMENT

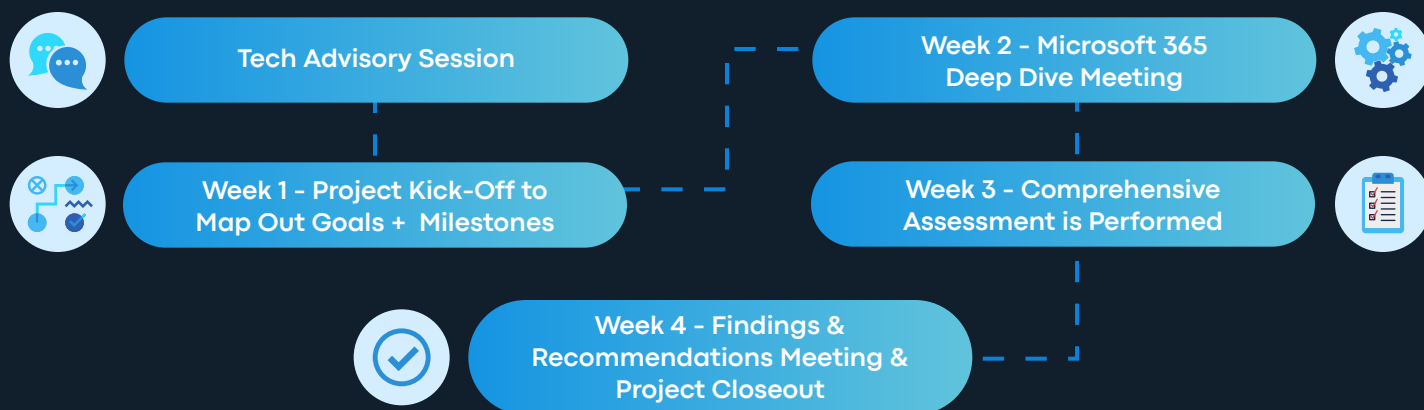

Our assessment gives you the clarity and insights you need to tackle these challenges head-on:

-  Clear, actionable recommendations with prioritized steps to improve performance and security.
-  Full environment review including email, file storage, collaboration tools, and admin portal.
-  Security & compliance analysis of user identity, device management, and threat protection.
-  Improved ROI by ensuring you're maximizing the value of Microsoft 365 tools.
-  Expert guidance from a leading Microsoft Solutions Partner.

AND ALL MICROSOFT 365 TOOLS!

# THE ASSESSMENT PROCESS

## WHY CHOOSE APEX DIGITAL?

We combine deep Microsoft expertise with a relentless focus on customer success to deliver impactful solutions.

- Expert guidance from a certified Microsoft Solutions Partner
- Prioritized recommendations tailored to your business needs
- Actionable insights presented without technical jargon
- Identification of risks often overlooked by other providers
- Tailored solutions specific to your industry and competitive landscape
