APEX DIGITAL SOLUTIONS

MIGRATE WITHOUT MAYHEM, BECAUSE BUSINESS CAN'T PAUSE.

MIGRATIONS ARE HIGH-STAKES. **PREPARATION AND THE RIGHT PARTNER MAKE ALL THE DIFFERENCE.**

Migrations open the door to new opportunities, but success depends on the right approach. With expert guidance, leaders can move forward with confidence, knowing their systems, data, and people are seamlessly connected.

Common Migration Challenges	Advantages of an Experienced Partner
Disconnected systems and data silos	A strategic roadmap for a smooth transition
Unexpected compatibility issues	Proactive risk mitigation
Security risks and compliance concerns	Secure, optimized data transfer
User disruption and productivity loss	Minimal downtime with structured execution
Overruns in cost and timeline	Predictable costs and timeline adherence

According to Forbes, only 36% of data migration projects stay within budget, and just 46% are delivered on time.

With the right plan and expertise, you can stay on track—delivering a seamless, secure migration without unexpected costs or delays.

MIGRATION SOLUTIONS WITH APEX DIGITAL

Migrations impact every part of an organization, from security to user experience. Apex Digital helps organizations avoid cost overruns, minimize risk, and complete migrations on time so teams can focus on what they do best.

A STRUCTURED APPROACH

We follow a step-by-step process to ensure a smooth, secure, and efficient migration.

DISCOVERY & PLANNING 01
We assess users, data, devices, and integrations to build a detailed migration roadmap.

PREPARATION & CONFIGURATION 02
We configure the target environment, set up tools, and validate security policies.

TESTING & PILOT MIGRATION 03
A pilot migration ensures everything works as expected before full deployment.

FULL MIGRATION 04
Users, data, and devices are migrated in stages to maintain business continuity.

POST-MIGRATION HYPERCARE 05
We ensure users are fully onboarded, systems are optimized, and long-term success is achieved.

FINAL CUTOVER & DECOMISSIONING 06
The original environment is securely decommissioned, completing the process.

TYPES OF MIGRATIONS WE SOLVE FOR

MICROSOFT 365 TENANT TO TENANT
We migrate mailboxes, Teams data, and SharePoint sites while preserving structure and access.

ACTIVE DIRECTORY MIGRATIONS
We move users and groups between environments and validate access across systems.

ACTIVE DIRECTORY TO ENTRA ID
We modernize identity by migrating to Microsoft's cloud-based authentication and directory service.

FILE SERVER MIGRATIONS
We migrate file shares to Microsoft 365 and ensure permissions carry over correctly.

THIRD-PARTY CLOUD TO MICROSOFT 365
We move files from Box, Google Drive, or Dropbox into Teams, SharePoint, or OneDrive.

MOBILE DEVICE MANAGEMENT MIGRATIONS
We configure the target environment, set up tools, and validate security policies.

CUSTOMER SUCCESS STORY

The Andersons®

The Andersons, a diversified agribusiness, faced challenges consolidating multiple Office 365 tenants after multiple M&As. They needed a structured IT foundation to unify systems and maintain security.

CHALLENGE
Disparate collaboration tools, security risks, and the need for a seamless user experience.

SOLUTION
Apex Digital executed a structured migration plan, ensuring secure data consolidation, standardized collaboration tools, and aligned security policies.
